

# DRONE COVERAGE

*An exclusive CIRMA member value+ coverage enhancement*

## **DRONES**

Many public entities and public schools have adopted the use of drones for the increased capabilities they provide, including search and rescue operations, infrastructure inspections, and property appraisals.

## **DRONE COVERAGE BY ENDORSEMENT**

CIRMA provides its Liability-Auto-Property pool members a coverage solution for the exposures that drone use poses to public entities and public schools.

Liability and property coverage is available, by endorsement only, when underwriting guidelines are met.

For more information about drone coverage, please contact your CIRMA Underwriter.

*“There are many possible benefits resulting from public entity use of drones. There are also risks, most of which have not yet fully been explored because drone use is so new.”*
