

THE LITTLE THINGS PREVENT BIG PROBLEMS

See It. Solve It. Stay Safe.

Daily tasks can expose custodial staff to chemical, electrical, and equipment-related hazards. Paying attention to small details helps prevent injuries, ensure compliance, and keep your school safe and operational.

CHECK FIRE EXTINGUISHERS MONTHLY

Ensure extinguishers are fully charged, accessible, and undamaged.

LABEL EVERY CONTAINER

Clearly label all secondary chemical containers with contents and hazards.

STORE LADDERS SAFELY

Keep ladders secured in designated areas and inspect before use.

KEEP PANELS CLEAR

Maintain at least three (3) feet of clearance in front of electrical panels at all times.

*See It. Solve It.
Stay Safe.*
